OBJECTIVE

Currently a student at BC Skills working towards a career in web development. I am looking for opportunities to apply and expand my skills with a company who values new developers who are eager to learn. I am a teamplayer, although I enjoy working on my own. I like to keep my work organized and work deadlines met on time. I understand the value of success and failure and the lessons that come with both, but most importantly, I love to create.

WORK EXPERIENCE

BC Skills, Campbellsville, KY - *Web Developer Apprentice*

JANUARY 2021 - PRESENT
